How to report online bullying, harassment and abuse.

Most State Governments rely on Federal Law s.474.17 Criminal Code using a carriage service to menace, harass or cause offence.

If you need to report serious online bullying, harassment, or abuse, these are the steps to follow.

Take screenshots for evidence, record the date and time on the screenshots taken. Save these.

Block the bully/abuser on whatever social media app is being used.

Report to the relevant social media platform and take screenshots that this has been done. You must report through this channel first.

If the post is not removed within 24hrs, report it to the Office of the eSafety Commissioner via the complaints section found at www.esafety.gov.au

If the bullying threatens someone's life or there is image-based abuse taking place, immediately contact your local police station or Crimestoppers 1800 333 000.
